Summary

My name is Donil Tabuena, I am currently a Third year information Technology student at Sorsogon State University. I'm happy to be a student of the Sorsogon State team! I enjoy educating myself new things. When i was in Senior High School, I began learning about web Development, I can't stop now that I've gotten a taste of teaching myself. Its valuable and I hope to learn more about the field as my career grows. Front end and Web developer is something I enjoy. I can make the website more engaging using web animations. A responsive web design makes your website accessible to any and all users, wherever of gadget.

Skills

- Ability to turnaround artwork quickly on short notice.
- Exceptional eye for and attention to detail.
- Ability to take direction and work independently.
